

Web/Multimedia Designer

Next Tier Concepts, Inc. is seeking an experienced Web/Multimedia Designer who is:

- able to successfully apply principles of graphic, interactive, user-interface and information design to create visually compelling materials for online, eLearning, marketing, and technical projects
- a creative yet solutions-oriented thinker with outstanding conceptual and design skills
- a production powerhouse

Required Skills

- Knowledgeable in usability principles
- Hands-on experience with XML/HTML/CSS/Javascript (no WYSIWYG)
- Strong understanding of web standards and current trends
- Ability to design and produce user experiences, from storyboard concept to final solution
- Careful attention to design detail and overall quality
- Excellent communication skills (both oral and written)
- Ability to work in a team-based environment on multiple projects
- Compelling desire to learn new skills and technologies

Experience

- 5 years minimum working in web/multimedia environment
- Experience working in Adobe CS3 (Master Collection: InDesign, Illustrator, Photoshop, Flash, Dreamweaver, Premiere, After Effects, Soundbooth), and other production/rich media software. (AS2/ AS3 knowledge a plus.)
- Experience working with SharePoint and SharePoint Designer

Applicant must have or be able to procure security clearance.

Requirements

Citizenship	US Citizen
